Attachments:	SENS Pages from Gazette_28_July_2017.pdf

Hi Phil,

- Roads and Maritime Services acknowledges receipt of your Sailing Event notification. Since the introduction of an exemption to Marine legislation on 28 July 2017, no further action is required.

- The exemption was introduced to reduce the administrative burden associated with the approval of organised sailing events in NSW and removes the requirement for organisers of sailing events to hold an aquatic licence, provided standard conditions can be complied with. A copy of the conditions is available for download on the Roads and Maritime website here and the NSW Gazette notice is attached for your convenience.

Organisers of sailing events conducted under the exemption are responsible for ensuring the event complies with all of the conditions.

If you require further information about conducting events under the exemption please contact us on 13 12 36.

Please keep a copy of this email for your records.

Regards,
